Export Control Reform **The First Changes Are Here!** Thursday, November 14, 2013

Join us for this timely program covering the changes to the International Traffic in Arms Regulations and Export Administration Regulations that went into effect on Oct. 15, 2013. The new regulations will dramatically affect how military aircraft, parts and components are licensed for export. The program will also cover the revised definitions of "specially designed" and "defense services" that also went into effect on Oct. 15. The new "specially designed" definition will result in important changes to product classification under both the ITAR and EAR. The seminar will include practical examples of how these changes affect export controls.

Moderator

John Sega
Northrop-Grumman

Speakers

Michael Hoffman
US Department of Commerce, Bureau of Industry & Security

Paul Meador
Legal Counsel, Export Compliance, Northrop-Grumman

Bruce Leeds
Attorney, Braumiller Schulz PLLC
