

Foreign Trade Association Presents:

ACE for Importers

COURSE DESCRIPTION:

Customs Automated Commercial Environment (ACE) system provides importers and exporters the ability to report on an amazing amount of trade data. During this session, you will learn how to take advantage of the data on your imports and exports to spot opportunities for duty savings and potential issues. Bring your laptop and ACE User ID so you can learn how to use the powerful ACE reporting tool to retrieve, manipulate, analyze and decipher this data. This session will show importers, exporters, brokers and others how to use ACE reports to gain visibility into their shipments and identify opportunities for improved efficiencies and cost savings.

Key Topics:

- Types of available ACE reports
- The cargo release, entry summary and other data elements available in ACE reports
- Running and modifying ACE reports to include information important to your company
- Finding information quickly
- Analyzing ACE data to identify duty saving opportunities as well as potential issues
- Exporting reports to Excel for further manipulation and analysis
- Scheduling regular reports
