Navigating U.S. Duty Drawback in a Time of Regulatory Transition

DESCRIPTION:

Join us for an exclusive Drawback Symposium with critical members from U.S. Customs and Border Protection (CBP). The all-day conference is the first of its' kind, bringing the core officials from CBP HQ and other locations responsible for administrating the U.S. Duty Drawback Program together, in one place, at the same time. This conference will be different as it features presentations only from these key government officials who primarily represent the entirety of the drawback administration from within the Agency's- legal, technical, operations and policy.

The conference will provide an in-depth examination of the newly proposed "Drawback Simplification" law mandated by Section 906 of the Trade Facilitation and Trade Enforcement Act of 2015 (TFTEA), the updated version of CBP's Interim Guidance Document for Filing CORE and TFTEA Drawback Claims, and the new rules for preparing and filing drawback entries in the ACE environment. Other topics of discussion and review will include:

- CBP and Trade Automated Interface Requirements for Drawback (CATAIR)
- CBP Automated Broker Interface Error Dictionary
- Drawback and Reconciliation in ACE
- 19 C.F.R. Part 191
- First-Filed Rule, Mixed Claims, Calculating Drawback Refunds
- CBP Drawback Staffing, Training, and Audits
- CBP's FY 2018-2019 Outlook for Drawback

The conference will cover all of the information the drawback community stakeholders need to know to comply with the current Drawback Law and the new interim guidelines until the effective date of the "Final Rule" which is still under review by the U. S. Department of Treasury. This conference will be an opportunity to let CBP hear from you, and we encourage you to bring your questions and concerns to this conference, CBP is listening! You will not want to miss this opportunity to be part of this fantastic event, meet with crucial CBP officials and network with your peers and service providers.
